

GTU Department of Computer Engineering
CSE312/CSE504 - Spring 2021
Homework 4 README

Akif Kartal
171044098

Running Program

You can run my program with following steps;

- go to part2 folder
- type make
- then run “./makeFileSystem 4 mySystem.dat” (with your block size)
- after that **.dat** file will be created in same directory.
